Rob,

I sent the email to Cari and Ethel last week on the MM2A Guidance – I haven't heard back. Should I still move forward with Laurice on getting a physical signature package prepared, or is that something that would be better for you or Marcia to do since you're now back physically in the office? I'm happy to do it either way, just want to know how you would prefer we proceed. Thanks.

You can let Cari know that OAQPS has completed their review and the memo is now ready for signature. Since it was sent down to us from Susan's office (Ethel Bailey) about three weeks ago to finalize, let Cari and Ethel know that OAQPS had wanted to review one more time and thus the three week delay.

You now need to work with Laurice to put the letter in final form and send back to Susan for signature. Also, I recall we made one last change – removed the cc that Cari had added (per OAQPS process). So, should let Cari know of that final edit as well.

Thanks.

Rob

Looks like OAQPS has finished their internal review and Bill W. is OK with moving forward for Susan's signature on the most recent draft (without changes). Should I let Cari know, or would you prefer to do that? Thanks.

Sara,

Bill W. is good with this. I think the plan was for Susan to sign first and then the package would come to Bill for his signature?

Per Bill Lamason's request, here is the version of the guidance document OECA has prepared for Susan Bodine's signature. Please let me know if you have questions or need additional information. Thanks.
